

# FAST FACTS

Carilion Women's has the largest team of highly-trained experts in southwest Virginia who treat a variety of complex conditions for women in all phases of life. We offer comprehensive gynecologic and obstetric care for thousands of women each year. Our dedicated birthing centers at Carilion Roanoke Memorial Hospital (CRMH) and Carilion New River Valley Medical Center (CNRV) deliver more than 4,000 babies annually, and our integration with the region's only level IIIB Neonatal Intensive Care Unit (NICU) at CRMH gives babies who need specialized care the best possible start in life.

## Our Mission

Improve the health of the communities we serve.

## Our Goal

To improve the health and well-being of the women in our community.

## About the Department

### WE ARE

Leaders in inpatient and outpatient obstetric and gynecological healthcare, treating the full spectrum of women's health. From routine gynecologic care, prenatal care and labor and delivery to high-risk pregnancies and treatments for gynecologic cancer and other complex gynecological conditions, we offer the specialized, quality care women need right in our region.

### Highlights

- » The largest team of OBGYN providers in our region
- » Over 4,000 deliveries annually at The Birthplace, located at CRMH and CNRV
- » Only gynecologic oncology care in the region
- » Only team of maternal fetal medicine specialists and perinatal genetic counselors in our region
- » Only fellowship-trained, board-certified urogynecologists in our region
- » Only fellowship-trained, minimally invasive gynecologic surgeons in our region
- » OBGYN residency program in partnership with the Virginia Tech Carilion School of Medicine
- » Multiple gynecological cancer clinical trials providing cutting-edge treatments for patients

## OUR DIFFERENTIATORS

**Award-winning maternity care**, with CRMH being awarded best hospital for maternity care by U.S. News & World Report for three consecutive years.

The only team of **maternal fetal medicine specialists** in our region to treat high-risk pregnancies, including genetic counselors, and an integrated level IIIB NICU with access to multiple pediatric specialists for follow up care.

An embedded **Quality and Patient Safety team** dedicated to the Women's service line system-wide, ensuring patients receive the best possible care.

A **focus on technological advancement**, offering the most advanced and innovative care including minimally invasive and robotic gynecologic surgeries, on-site infusion center for gynecologic oncology, advanced pelvic floor muscle rehabilitation and more.

**Women's Mental Health initiative** that is a collaborative effort among Women's, Mental Health and the Emergency Department to offer evidence-based care specifically geared toward supporting women.

**Serving our community in meaningful ways** to ensure women at every stage of life are supported on their healthcare journeys.
